EVENT REPORT

Gymkhana CR1: 17 May

It was a very wet and windy Wednesday evening for the start of our summer season of gymkhanas held at a new venue - Glebe Farm, Saracens Head. In all, there were 7 entries to attempt the 6 short tests that Dave Pollard had arranged.

Test 1

From the start we went round to the left and stopped astride a line. Then we had to reverse round a central

cone and stop astride another line before heading into the finish. Gary White and Paul Pollard each got the fastest time of 24 seconds, but everyone clocked under half a minute.

Test 2

This used the same cone layout as test 1, but this time it was all forward looping round five cones. Times varied a lot more this time. I managed the fastest time of 29 seconds on my second run.

Test 3

This was a little more complicated going forwards, backwards, slalom forwards and backwards before changing direction for a final time and into the finish. Paul Collison in his cut down Mini special was easily fastest on this test, recording 37s on both runs.

Test 4

With the same cone layout as Test 3, this was once again all forward looping round 5 cones. I was quickest but it was pretty even as Paul Collison, Paul Pollard and Simon Leonard in his Fourtrack(!) were only 2 seconds behind.

Test 5

This went forward into the middle of the test area before reversing round and into a garage at the end, then forward and into a garage on the opposite side, before reversing past another cone and changing direction into the finish. Paul Collison and I both set the fastest time of 40 seconds, closely followed by Gary White.

Test 6

For the last run, it was all forward again, looping round a middle cone before slaloming up to the end of the field and back, then round the cone again to the finish. I managed the fastest time of 43 seconds, closely followed by Paul Collison and Gary White.

Many thanks to Dave Pollard for organising the evening's entertainment and to Nigel Mann, Bob Offer and June Pollard for timekeeping out in the torrential rain. And a big thank you to Robert Oldershaw for letting us use his field.

See you all next month when the weather is bound to be better, because it couldn't possibly be much worse!
