12-car rally: CR3

KLMC event. Starts at King William PH, Terrington St Clement. MR 131/550½203½. Map 131 C1.

8 pm. Details from Stephen Lloyd on 01553 827598 or you can e-mail him at steve1@btinternet.com

February & March 12-cars

February's KLMC event (our first championship round) was put on by Mike Baker & Tony Duckhouse and featured some excellent roads with the minimum of built-up areas in between them on the top half of Map 132 (north west Norfolk).

Mark Banham/Paul Haylock in their Zafira (!) were at car 1. Then there was a slight lull (there was no car 2) before Tim and I followed on at three, picking up a couple of boards on the way to TC1. We arrived right on our minute which gave us the impression our evening wasn't going to be plain sailing.

The next section took us across to Shernborne, down a crafty little white on the east side of the village and then round a long loop to the next control near Docking. Here we had some time to wait which was a useful breather.

Next we continued heading north using some narrow yellows to get over to Simon Leonard's control north of Stanhoe. From here, Mike used a cunning variation on the roads we usually use, which made me look twice to see I had the right route.

Then we had a clock-based instruction to take us south again where we arrived at the control with the seconds on the clock showing '59'

but we got the minute we wanted!! The next (unusual) instruction was based on the number of junctions we had to pass in a square and took us via Paul Pollard whose PC was near Anmer.

To finish, we had a collection of numbered tulips – but there we thirty-odd junctions altogether and we only had a small proportion of them. Interspersed we had long-way-round-triangles, lay-bys, white roads and allsorts in a real mega-section. Half way round there was an intermediate control as well in one of the lay-bys off the A148 at Hillington. Here we dropped a bit of time which wasn't helped as we struggled to find the entrance to the lay-by and had to resort to driving down the footpath instead!!

Anyway, we made it to the final TC back to the west of the A149 with the least time lost, pursued by a wrong-slotted Car 1 which helped us think we had enjoyed an excellent evening's entertainment! Many thanks to Mike and Tony, and all their marshals. **Results – p2**

A month later we did it all again on June, Ian and Dave's event which started from Walpole Cross Keys. It was a very chilly evening with snow falling from time to time. This time we were at car one and, after a brief loop around Terrington, the rest of the rally was in Lincolnshire.

We headed from Sutton Bridge down the west bank of the Nene to find Ivor Collins/Kevin Booth at TC2 on the exit from the triangle at the Foul Anchor junction. What we didn't see (along with some other crews) was the codeboard on the triangle... The navigation was testing but do-able such as the next section, which was one of those "don't sit around and plot" links of just *two* minutes to Peter Mears parked around the corner near Tydd Gote. We made it with a few seconds to spare.

The weather was pretty unsavoury around this part of the rally and worsened as we headed west, peaking with a heavy snow shower just as we got to Paul Pollard's TC at Gedney Fen. After visiting TC4 [Bob & Carole near Elder Lodge, Fleet Fen] and TC5 [Nigel & Joy at Snuffers Lane, Whaplode Fen], we dropped our first minute at TC5A after a long loop through the edge of Whaplode village.

We then headed back east through Cackle Hill, Penny Hill and Gedney Dyke, finding Peter Mears again at TC7 where time was definitely at a premium. Everyone lost a bucketload of time – we were four minutes down here. Then, on the final section around Long Sutton, I overlooked the approach direction to the final TC and – had it not been for a codeboard facing the wrong way – might have had a nasty surprise on arrival at the finish. As it was, the board alerted me and we managed a quick re-route to arrive at TC8 1 fail and 7 minutes down which unusually was good enough for a win.

Thanks to everyone involved but especially the marshals who stood out in the snow. **Results – p3**

BITS & PIECES

- This is our first *Romer* being distributed by e-mail if you selected this option when you renewed your subscription. If you change your e-mail address please make sure you notify our Subs Secretary at ian@polymac.freeserve.co.uk
- The Club's Classic Car Run date for this year has finally been confirmed as **Sunday 4th September**. Organiser Alan Lyon is looking at the Lincoln area in which to finish the event. More details to follow in the coming months.

- Marshals are needed for the SCCoN Spring Stages at Sculthorpe near Fakenham on 10 April. Contact their Chief Marshal David Bell on 01603 720871 if you can help.
- The navigation training and table top rally evening on 16th February received some excellent support with over 20 people present. Thanks to all who came along and participated - Ian and I were very pleased with the turnout.
